JUNGLE WARFARE TRAINING.

Sir,

I have the honour to forward herewith a copy of the Nanjangud Sub Division Officer's letter dated 31st Oct 1943 received from the Deputy Commissioner, Mysore District with his memo No. C.D. 296/43-44 dated 1 Nov. 1943 on the above subject.

It is reported that the military authorities (of the 27th Field Regt. R.A.), camping at mile 133 Gundlupet - Sultan Battery Road, - about ten miles from Gundlupet, - have asked for permission to carry out shell firing practices, between ten and sixteen hours on Fridays and Saturdays in every week, in the jungle (on a three mile contour), between miles 128 and 130 on this road. The Sub Division Officer who has inspected this area in company with the military officer has reported that there is no objection to the grant of permission asked for by the military. I have called for a copy of the requisition received from the military authorities concerned, and a clear sketch of this area. Pending final settlement of the boundary of the proposed range area, I think, that in view of the urgency, necessary sanction of Government may be kindly accorded to the military carrying out Shell Firing Practices in this range area, under section 50 (B) of the Defence of India Rules as applied to Mysore, subject to the following conditions:-

P.T.O.

subject to the following conditions:-

1. that training will be avoided in the vicinity of inhabited villages,
2. that crop compensation to the owners of land in the area, and compensation for damage caused to forest property should be paid,
3. that the area should be reconnoitered carefully after each day's practice to make sure that all unexploded shells are picked up and disposed of before declaring the area clear,
4. that sufficient prior notice of the practice in every week should be given to the civil authorities concerned,
5. that traffic on Gundlupet - Sultan Battery main road should not be obstructed.

I have the honour to be,
Sir,
Your most obedient servant,

M. S. Sridhar
REVENUE COMMISSIONER
&
CIVIL REPRESENTATIVE.

BN.

Letter No. Nil dated 31st October 1943 from the Sub Division Office, Nanjangud, to the Deputy Commissioner, Mysore District.

Re: Jungle Warfare Training.

I have the honour to submit that Captain R.N. Russell of the 27th Jungle Field Regiment, R.A. stationed on the 133rd mile Gundlupet - Sultan Battery Road, saw me at Gundlupet this afternoon and wanted certain area on that road to be fixed up for their shell firing practice. The site selected by him was duly inspected by me along with that officer. The village of Bheemanbeedu and the hillocks to the West and North on the three mile contour line. Mashalli village is a bechark village and does not involve evacuation. The area abounds in cultivated fields and the cattle go grazing the hillocks. He says that he cannot select any other area owing to dense jungle which is some what inaccessible during this part of the year. All the other areas he suggested contained populous villages. Hence arrangements are being made to keep this Range clear for their shell firing practice on Fridays and Saturdays once a week between ten and sixteen hours. The Amildar and the Police Inspector as well as Mr. T.H. Ameer, who is the Civil Representative for this purpose have all been suitably instructed in the matter. A rough sketch showing the area is also attached.
